

CULTURE, PRACTICES AND GAMES

For coaches who have completed PCA's introductory Double-Goal Coach workshop, this is an ideal follow-up that assumes attendees already understand Double-Goal Coach principles (Coaching for Mastery of Sport, Not Just Scoreboard Results). The workshop lays the groundwork for your coaches to develop a team culture ("the way *WE* do things *HERE*") that is optimal for getting the most out of players during practices and games, while players get the most out of the competitive and educational experience the coach helps create.

"I always seek at least 1 tool from a session that I can add to my arsenal and use on a regular basis to help me be a better coach. You couldn't imagine the beaming smiles I got last weekend when I said 'Mistakes are OK- that's one way we learn to have more confidence.' "

- Future Stars Director & Coach, Scarsdale, NY

Every participant will receive a handout containing valuable tips and reminders about best practices shared from the workshop. You will receive this flyer via email within one day, once you text-to-sign-in at your Workshop.
